

## ***Precursor's Narvey Attends WWDC 2012!***

Contact: Alex Narvey

Precursor Systems is pleased to announce that, for the fifth year in a row, company founder Alex Narvey will be attending the Apple World Wide Developer Conference 2012 in San Francisco (June 11-15).

**WWDC2012**

June 11-15 in San Francisco. It's the week we've all been waiting for.

WWDC is Apple's annual programmers conclave where programmers, developers and i.t. professionals can immerse themselves with a first look at the latest in iOS and OS X, with more than 100 sessions and labs with Apple engineers.

This year's edition will feature the upcoming OS X 10.8 Mountain Lion and much more.

The 2012 edition of WWDC is a red hot ticket as the conference sold out in less than two hours! (It took 8 hours in 2011 and over a week in 2010).

Precursor Systems was founded in March 1994 by Alex Narvey to provide support for computer-based professionals in the Publishing, Printing, Prepress, Digital Imaging, Audio and Video industries.
