

Precursor Offers Free Mac HelpMate 4.0

Contact: Alex Narvey

Mac HelpMate v.4.0 is now available; This major upgrade is now Mountain Lion compatible and is available free from Precursor.ca, Inc.

Mac HelpMate is a Mac OS X maintenance utility made by a member of the Apple Consultants Network especially for Apple consultants. It not only helps Precursor.ca with our remote access support but it also has over 200 maintenance tools and proactive alerts to help your Macs run faster and diagnose problems before those problems lead to data loss.

“We have offered our customers a specially branded copy of MacHelpMate since its introduction to the market place,” said Precursor founder Alex Narvey. “Mac HelpMate is an indispensable arrow in our quiver of maintenance tools”.

You can download your own FREE copy of Mac HelpMate 4.0 from the Precursor website from the Resources:Utilities tab.

Precursor Systems was founded in March 1994 by Alex Narvey to provide support for computer-based professionals in the Publishing, Printing, Prepress, Digital Imaging, Audio and Video industries. Precursor Systems is proud to be designated an Authorized Apple Value Added Reseller and Alex Narvey has been a certified member of the Apple Consultants Network since the programs inception.
