Precursor Systems

Precursor's Narvey to Attend MacIT Conference 2014

Contact: Alex Narvey

Precursor Systems is pleased to announce that founder Alex Narvey will be at the MacIT 2014 Conference in San Francisco March 26-28th.

As in previous years, the MacIT is a high level instructional conference that runs concurrently with MacWorld/iWorld Expo at the Moscone Center in San Franciso.

In addition to checking out 3'rd party vendors on the show floor in Moscone North, Alex will take part in various seminars as part of the three day MacIT seminars track, and participate in various Apple Consultants Network events including the ACN Annual General Meeting.

Precursor Systems –and indirectly, its customer base– benefits greatly from meeting face-to-face with other consultants, I.T. experts, resellers and with software and hardware vendors of all the latest and greatest.

Some of the lectures on Alex's list this year include sessions on SNMP, Advanced WiFi, Security, and ESFi.

This will be Alex's sixth trip to Macworld Expo.

Precursor Systems was founded in March 1994 by Alex Narvey to provide support for computer-based professionals in the Publishing, Printing, Prepress, Digital Imaging, Audio and Video industries.
