

## ***Precursor's Narvey Accredited for Creative Cloud***

Contact: Alex Narvey

Precursor Systems is pleased to announce that founder Alex Narvey is now an Adobe Creative Cloud for Teams Accredited Sales Specialist.

Precursor Systems has been using Adobe software since versions 1.0 of Acrobat, Illustrator, InDesign and Photoshop and has been a vendor of the Adobe software portfolio for over ten years.

In 2013 we were designated a Certified Adobe Reseller and we are proud to have now become an Accredited Sales Specialist for Creative Cloud for Teams.

Creative Cloud for Teams lets businesses easily manage and deploy the very latest Adobe software so that Creatives can bring their full expertise to bear on competitive work. The subscription-based service also offers cloud storage and file syncing capabilities that allows Team members to reliably access files wherever they are, even on mobile devices. And Team members can share concepts with clients or colleagues more easily than ever. Cloud-based services lets Team members build and publish websites, mobile apps, iPad publications, and content for any medium or device. And with Behance® integration, Team members can publish a customized portfolio and plug into the world's largest creative community to get inspired, get feedback, and find new opportunities.

Creative Cloud for Teams is an exciting new future for Adobe's customers and we at Precursor are proud to be part of that future.

To shop for Creative Cloud for Teams select *Software* under the *Sales* tab at our web site: <http://www.precursor.ca/>.

Precursor Systems was founded in March 1994 by Alex Narvey to provide support for computer-based professionals in the Publishing, Printing, Prepress, Digital Imaging, Audio and Video industries.
