

## ***Precursor's Narvey Now Mac Integration Certified***

Contact: Alex Narvey

Precursor Systems is pleased to announce that company founder Alex Narvey is now an Apple Certified Associate – Mac Integration 10.11.

Apple designed the Mac Integration course to integrate “a Mac into an existing Windows or other standards-based network”, and “achieve compatibility and interoperability with” Windows.

The course topics covered:

- Configuring a Mac to work with Active Directory
- Taking advantage of network services, file sharing, printing, instant messaging, email, calendars, and contacts
- Providing security at the user, local network, and remote-networking levels
- Migrating data from a Windows computer to your Mac
- Backing up data
- Running Windows programs directly on a Mac

Alex first became Apple Certified in 2004 for Mac OS X 10.3 (see Precursor PS-PR-04-06-28) and is happy to be constantly upgrading his skill set with the new Mac Integration 10.11 designation.

Precursor Systems was founded in March 1994 by Alex Narvey to provide support for computer-based professionals in the Publishing, Printing, Prepress, Digital Imaging, Audio and Video industries.
