

Precursor's Narvey CWTS Certified

Contact: Alex Narvey

Precursor Systems is pleased to announce that company founder Alex Narvey has been certified a Certified Wireless Technology Specialist (CWTS).

The Certified Wireless Technology Specialist (CWTS) is a certification from CWNP (Certified Wireless Network Professional) that validates the knowledge and skillset of IT support professionals on the basics of Enterprise 802.11 wireless networks.

This comprehensive certification was designed to prove understanding Wi-Fi technology and data networking including hardware and software, security and compliance, and the "who, what, why" of Radio Frequency (RF).

"Wi-Fi and device mobility have become pervasive just as security concerns are escalating," said Narvey. "The CWTS certification helps me specialize in understanding the issues surrounding security and provisioning of Wi-Fi."

Precursor Systems was founded in March 1994 by Alex Narvey to provide support for computer-based professionals in the Publishing, Printing, Prepress, Digital Imaging, Audio and Video industries.
