Precursor Systems

Precursor's Narvey to Present at MacAD.UK

Contact: Alex Narvey

Precursor Systems is pleased to announce that company founder Alex Narvey will be a presenter at the upcoming MacAD.UK Conference in London, March 24–45th.

MacAD.UK is "the only UK conference where Apple Admins and Developers from enterprise and education come to network, learn, share and discuss the critical IT issues of the day. It's a must-attend event for professional Mac Admins and Developers. With intensive sessions run over two days, delegates come to network, share, discover, compare, meet, learn, hang out and socialize with the best Apple techs in the world."

This year the conference is being held at the London Film Museum and Alex will be presenting on the effective utilization of REST API integration with FileMaker for small Managed Service Providers.

Alex has been working with FileMaker and its REST API capabilities to enhance Precursor's service offerings with macOS Server, and online services like ZenDesk, munkireport, Slack, and Trello.

"I'm excited to be presenting my material and methods to a broader Mac admin audience." Enthused Precursor Founder Alex Narvey, "I have learned so much from the technical conferences I have attended over the years and it feels good to give back – even if it is just in my little way."

In the past, Alex has made presentations at MacDevOps YVR in Vancouver, MacTech Conference in L.A., and the ACES Conference in Phoenix.

Precursor Systems was founded in March 1994 by Alex Narvey to provide support for computer-based professionals in the
Publishing, Printing, Prepress, Digital Imaging, Audio and Video industries.
