Precursor's Narvey to Present at MacDevOps YVR 2023

Contact: Alex Narvey

Precursor Systems is pleased to announce that company founder Alex Narvey will be presenting at the MacDevOps YVR 2023 Conference in Vancouver, B.C. June 20-23rd.

MacDevOps YVR – the annual conference for Mac Admins interested in integrating DevOps into their IT practice – is three days of in person learning and networking with other local and international Mac Admins, DevOps engineers, and security experts from industry leading organizations hosted at SFU Harbour Centre (downtown) in Vancouver, BC, Canada!

Alex's presentation will focus on the the recent trend of I.T. Initiated software update reminders which may be establishing unwanted anti-patterns.

"The knowledge I have gained at MacDevOps YVR has been essential to my I.T. Practice." Acknowledged Precursor founder Alex Narvey, "And I am glad to be giving back by making a presentation."

This is Alex's sixth time presenting at MacDevOps YVR. In the past he has also made presentations at MacAD.uk in England, MacTech Conference in L.A., and the ACES Conference in Phoenix.
