

## ***Alex Narvey an Apple Sales Professional - 8th Time***

Contact: Alex Narvey

Precursor Systems is pleased to announce that founder Alex Narvey has achieved the level of Sales Professional for the eight consecutive year.

Precursor Systems became an Apple Authorized Reseller in 2003 and was designated an Apple Authorized Value Added Reseller in 2009. Precursor founder Alex Narvey has been awarded the designation of Apple Product Professional nine times and the designation of Apple Sales Professional eight times (every year since that designation's inception).

Sales Professional is a special designation from Apple's Sales Training department and reflects the highest level of achievement in that program.

"We are so proud to be an Apple Authorized Reseller for a decade now," said Precursor founder Alex Narvey, "and so proud to have been awarded this highest level of Sales Professional for the last eight years."

Precursor specializes in small business and, since the demise of Apple's Xserve in 2011, has been a pioneer in the development of the R.A.I.S. concept (<http://rais.precursor.ca>) to give small businesses an Apple server environment that has the performance and redundancy they expect at a price-point they can afford.

To achieve the level of Apple Sales Professional, Mr. Narvey successfully completed a multitude of online courses supported by web-based seminars, podcasts, videos and pdf documents. In addition, Mr. Narvey also attended Apple's ACN Advanced Camp in Tampa Florida this year and has attended 10 other Apple advanced training camps in previous years in both the US and Canada. Alex holds high level server certifications in every Mac OS version since 10.3 as well as an Apple Mobile Technical Competency. Since has also attended a series of MacWorld Expos, Apple World Wide Developer Conferences, FileMaker Developer Conferences, and MacTech Conferences.

"Apple's pace of innovation keeps me on my toes," said Narvey, "constant training and education helps keep me up-to-date and proficient in the latest technologies and benefits my customers whenever they call on my expertise."

Precursor Systems was founded in March 1994 by Alex Narvey to provide support for computer-based professionals in the Publishing, Printing, Prepress, Digital Imaging, Audio and Video industries.
