Precursor's Narvey Attends ACN Advanced Camp

Contact: Alex Narvey

Precursor Systems is pleased to announce that company founder Alex Narvey will be attending the Apple Consultants Network Advanced Camp at Chicago's Q Center from March 30 to April 2.

Apple and key third party technology companies will be presenting seminars and labs for 120 certified consultants covering new features in OS X, iOS, MDM and the Device Enrollment Program.

"I first attended an ACN camp in 2005," said Narvey, "the seminars, labs and especially the critical mass of consultants from all over the U.S. and Canada make it the best way to engage with Apple's latest technologies."

This is Alex's twelfth trip to an Apple camp having previously attended six in the U.S. and five in Canada.

Precursor Systems was founded in March 1994 by Alex Narvey to provide support for computer-based professionals in the Publishing, Printing, Prepress, Digital Imaging, Audio and Video industries.
