Precursor's Narvey at Macworld Expo 2007

Contact: Alex Narvey

Precursor Systems is pleased to announce that for the second year running, founder Alex Narvey will be participating in Macworld Expo 2007 in San Francisco.

"It is 18 hours a day of work that feels like fun," says Precursor Founder Alex Narvey. "And it's great to be on in the milieu of so many Mac enthusiasts!"

In addition to attending the Steve Jobs Keynote Address –and blogging it in real-time to the Precursor Systems web page– Alex will be participating in a number of Apple sponsored events for Apple Consultant Network members and Apple Authorized Resellers.

Precursor Systems –and indirectly, its customer base– benefits greatly from meeting face-to-face with other consultants, resellers and with software and hardware vendors of all the latest and greatest.

According to Mr. Narvey, the highlight of the show is volunteering in the Apple Consultants Network tech support booth on the show floor.

Precursor Systems was founded in March 1994 by Alex Narvey to provide support for computer-based professionals in the Publishing, Printing, Prepress, Digital Imaging, Audio and Video industries.
