Precursor Systems

Precursor Welcomes Steve Schwartz

Contact: Alex Narvey

Precursor.ca, Inc. is pleased to welcome Steve Schwartz to our technical support team.

To continue to provide our customers with priority access to high quality support we have added Steve Schwartz to our roster. Steve has worked for Precursor in the past on various projects and those of you who attended our *10 Year Party; 3 Years Tardy!* seminars in the Spring would have seen him working quietly in the background to ensure things were running smoothly.

Steve has a long history with the Macintosh and has been involved in the new media field for some time. We are glad to have him aboard and look forward to introducing him to you over the coming days and weeks.

Precursor Systems was founded in March 1994 by Alex Narvey to provide support for computer-based professionals in the Publishing, Printing, Prepress, Digital Imaging, Audio and Video industries.
