Precursor's Narvey Heads to Channel Camp

Contact: Alex Narvey

Precursor Systems is pleased to announce that founder Alex Narvey will be attending Apple Canada's Channel Camp in Markham, Ontario for three days, January 28th through 30th.

Channel Camp is put on by Apple to provide high level training to Apple Consultants and Authorized Resellers. The instructors are the same senior level System Engineers that train Apple's own System Engineers.

"This is the first Channel Camp held in Canada in three years and it is the first one ever to focus on the Canadian market," says Precursor Founder Alex Narvey. "I really look forward to meeting with consultants and resellers from all over the country!"

Mr. Narvey has been attending Apple Channel Camps for several years now and this will be his fourth one. The schedule for this one seems particularly loaded as Apple has seminars planned from 8:00 am to 10:00 pm on each of the first two days.

Precursor Systems was founded in March 1994 by Alex Narvey to provide support for computer-based professionals in the Publishing, Printing, Prepress, Digital Imaging, Audio and Video industries.
