January 4, 2009

Precursor's Narvey at Macworld Expo 2009

Contact: Alex Narvey

Precursor Systems is pleased to announce that for the fourth year running, founder Alex Narvey will be participating in Macworld Expo 2009 in San Francisco.

"I look forward to Macworld every year," says Precursor Founder Alex Narvey. "There is nothing like walking on a street crowded with hundreds and even thousands of Mac fans!"

This may be the last Macworld as Apple announced in December that this would be the last time it displays in a booth on the show floor.

Alex will be participating in a number of Apple sponsored events for Apple Consultant Network members and Apple Authorized Resellers as well as attending various I.T. related seminars and vendor training classes.

Precursor Systems –and indirectly, its customer base– benefits greatly from meeting face-to-face with other consultants, I.T. experts, resellers and with software and hardware vendors of all the latest and greatest.

According to Mr. Narvey, the highlight of the show is volunteering in the Apple Consultants Network tech support booth on the show floor.

Precursor Systems was founded in March 1994 by Alex Narvey to provide support for computer-based professionals in the Publishing, Printing, Prepress, Digital Imaging, Audio and Video industries.
