

Precursor.ca Establishes Twitter Feed

Contact: Alex Narvey

Precursor Systems is pleased to announce it's new Twitter feed at:

twitter.com/precursor.ca.

Twitter is a micro-blogging network based on messages of 160 characters or less and is described as "a service for friends, family, and co-workers to communicate and stay connected through the exchange of quick, frequent answers to one simple question: What are you doing?"

Since brevity is the soul of wit (Shakespeare), we will be using our new Twitter feed to tweet short announcements like deals, specials, press releases, service bulletins, and other important announcements.

Precursor Systems was founded in March 1994 by Alex Narvey to provide support for computer-based professionals in the Publishing, Printing, Prepress, Digital Imaging, Audio and Video industries.

More information is available at our web site:

<http://www.precursor.ca/>

Precursor Systems is a division of Precursor.ca, Inc.
