Precursor Systems

Precursor's Narvey to Speak at ACES 2017

Contact: Alex Narvey

Precursor Systems is pleased to announce that company founder Alex Narvey will be attending the thrid annual ACES Conference May 31-June 1 in Phoenix, Arizona.

The ACES Conference was conceived by two members of the Apple Consultants Network (Justin Esgar and Luis Giraldo) as a conference "for consultants, by consultants". This year is the third annual. Topics will include branding, automation, contracts, business maturity date, and more. This year Alex will be a speaker, discussing his 23 years as a Mac managed service provider.

The podcasters from Command-Control-Power (who interviewed Alex in 2015– see Precursor PS-PR-150424) will be on hand for a live edition of their podcast. And on Wednesday evening Alex will take part in a Proactive Support Professional Certification.

"The ACES conference is a great oppotunity to meet other Apple oriented consultants from other jurisdictions," said Precursor founder Alex Narvey, "Being a good I.T. support service means more than just being a good technician. The ACES conference helps me hone my craft at being a good consulting business."

Precursor Systems was founded in March 1994 by Alex Narvey to provide support for computer-based professionals in the Publishing, Printing, Prepress, Digital Imaging, Audio and Video industries.
