Precursor's Narvey to attend MacDevOps YVR

Contact: Alex Narvey

Precursor Systems is pleased to announce that company founder Alex Narvey will be attending the third annual Mac Dev Ops YVR Conference, June 5-6 in Vancouver, B.C.

macdevops: YVR billed as "All things Mac, Dev, and Ops" is a conference put together by Vancouver consultants Mat X and Brian Warsing and features speakers presenting on a number of topics related to Mac administration and deployment.

"This is the thrid year for macdevops and Mat Xavier expanded it to two days now," said Precursor founder Alex Narvey, "I am really looking forward to this year's edition!"

The Dev Ops movement is loosely described as applying the rigours of the development cycle to the operational life cycle of computers deployed at scale. It has become a focal point for the latest in best practices for the management and mobile management of devices in a secure but flexible I.T. setting.

Precursor Systems was founded in March 1994 by Alex Narvey to provide support for computer-based professionals in the Publishing, Printing, Prepress, Digital Imaging, Audio and Video industries.
