## QuarkXPress 3.31r5

That's right folks. Quark Inc. has released updaters for any version of 3.3 that turn it into 3.31r5 (This includes 3.3 and 3.31r2 for 68k Macs and any 3.31 PowerPC versions. Quark recommends everyone using QuarkXPress version 3.3x update to version 3.31r5. (To check what version and patch level you are currently running, simply hold down the option key and press the Help key or select "About QuarkXPress" from the Apple menu). Of course, the updaters to 3.31r5 are available on Precursor BBS. [From the Precursor Desktop go Files:Quark Stuff].

## Precursor BBS to Expand Links Area!

Precursor Systems has concluded negotiations with several big international BBS's to bring you more information focused on graphics arts design and production. The new gateways will appear in our Links area on-line and will premiere over the coming weeks. The gateways have already been established but will debut on your desktop when we have put the finishing touches to our settings file to help you take maximum advantage of these exciting new areas. See you on-line!

---

## Internet Support!

Now that mbnet is no longer providing new internet access accounts the field is in a bit of flux. Various new providers have jumped in to fill the gap but not all are very knowledgeable about you and your Mac. (One provider asked me if there was a Motorola in my Mac!) To help you get on the Internet, Precursor will be increasing its Internet support on the Precursor BBS. Starting immediately we have made available all of the latest and greatest Mac internet files. From the Precursor Desktop go Files:Internet Stuff.

## Illustrator Goodies Vol.s 1-9

Precursor BBS is pleased to offer the first nine volumes of Bruce Bowman's Illustrator Goodies. These files have been created by the same people who tested the 5.0 version of Adobe Illustrator. If you like these Illustrator 5 goodies and realize that you are using them at all, Bowman asks you to contribute to the Juvenile Diabetes Foundation or the American Diabetes Association. Look for the Goodies on-line at Files:Graphics Stuff.
