## Apple Disk First Aid 8.2!

Apple continues to develop its free disk repair utility Disk First Aid. Version 8.2 supports HFS+ (Mac OS Extended format) disks and can now make repairs even to the start-up volume! You can pick up your copy on the Internet in Self Mounting Image (SMI) format:

## Apple Drive Setup 1.5

Apple's free hard disk formatting utility Drive Setup has been issued an update in version 1.5. The new version adds support for G3 computers and fixes a problem with "some ATA hard drives". Drive Setup now works on many hard drives besides Apple's own so Precursor Systems recommends you format your 3rd party hard drives with it. Drive Setup 1.5 is available at:
