Illustrator 9.0.2

Hot on the heels of the 9.0.1 upgrade Adobe has again tweaked Illustrator. The 9.0.2 update requires the 9.0.1 version be installed first. 9.0.2 increases Photoshop 6 integration and fixes two minor bugs.

Apple Disk First Aid 8.6

Apple's venerable disk repair utility D.F.A. gets a special fix for use with Mac OS 9.0.4. The strangely named D.F.A. 8.6 is a special version only tested with Mac OS 9.0.4. If you are using Mac OS 8.1-8.6 you should probably use the version of D.F.A. that came with your system software.
