## Apple Slashes Prices on PowerBooks, iBooks

*"So, can I order you that 17" PowerBook now?"*

When Steve Jobs said in January that this was the year of the notebook he wasn't kidding! Apple, this week, slashed prices on models in the PowerBook line by about \$600 each. iBook models were reduced by between \$60 and \$150. For more details, go to the Precursor Hardware Store and search for "PowerBook" or "iBook":
